

Prado

Prepare for anything.

Front cover & this page: ZR model shown.

Go anywhere in style.

With the Prado, you can escape your everyday life in search of more. A treacherous mountain pass or a slippery dirt track may be the perfect weekend getaway to escape the over-crowded city streets that can trap an adventurous spirit, but that doesn't mean you don't want a little touch of class. The 3-door Prado has been designed to match your lifestyle at every turn by achieving a delicate balance between being an impressive off-road 4WD, while retaining a stylish and elegant appearance both inside and out.

At Toyota, we've spent more than 50 years researching, testing, building and improving 4WDs and never in all that time have the demands of the on-road driver so closely matched those who want to explore the wild country. Both want greater control in tough conditions. Both desire outstanding levels of power and towing strength. And both want to get there safely and comfortably, every time. Technologically advanced and designed from the ground up, Prado will give you the best of both worlds.

For all its wide-stance stature and dynamic presence, the Prado is no mere show pony. Everything about the design and shape has been painstakingly considered. Designed from the robust foundations of a beautifully integrated solid mass, the Prado's statuesque presence speaks for itself. This is an authentic icon – the real deal when it comes to the next generation of 4WDs.

As well as an elegant, muscular shape, we've given the Prado an impressive array of intelligent technologies – to help make driving exhilarating, comfortable and safe. It is truly the most advanced Prado we have ever built. The 3 door Prado comes in two grades, SX and ZR and features many of the same Toyota first technologies found in its 5 door counterpart. This is the Prado that can take you almost anywhere in style.

Do it the easy way.

The Prado gives you freedom through unsurpassed technology. By being the most advanced Prado ever, you don't have to be the greatest 4WDriver to get where you want to go. We call this intelligence Driver Assist Technology or DAT. It's not just one thing, but several, all working together seamlessly to give you effortless control and a pleasant driving experience, whatever the terrain and whatever the challenge.

Whether you're off the beaten track or just on the route to work, control is everything. That's why every Prado has a

constant four wheel drive system that gives each wheel the intelligence to know when it's losing traction and allows the others to take over.

The 3 door range comes standard with Hill-start Assist Control (HAC), which temporarily prevents you from rolling back when starting on a hill by applying the brakes for approximately five seconds and allowing your foot to reach the accelerator. This is joined by Downhill Assist Control (DAC), which ensures you take descents at a safe 5-7km/h speed. You'll also do it just as well going backwards as you do forwards.

On the ZR, CRAWL¹ Control technology comes standard². First seen on the LandCruiser 200, it's like an off-road cruise control, helping you tackle steep and slippery terrain with ease. All you have to do is push a button and steer.

All eyes, all terrain.

Prado also gives you a reassuringly wide field of vision. The ZR comes with Multi-Terrain Monitor^{2,3} which provides six viewing angles from four cameras – in front, behind and to each side of the vehicle front and rear – displaying your immediate surroundings on screen. Switching camera views is as easy as pushing a button on the steering wheel.

Perfect traction. On any track.

The ZR also includes the incredibly advanced Multi-Terrain Select system (MTS). This technology is the latest evolution of our Active Traction Control (A-TRC) system. It works by allowing you to select a particular traction control for the conditions you're in. Working hand-in-hand with Multi-Terrain ABS, to minimise the chance of wheel lock-up, MTS gives you the option of selecting modes pre-set for

mud and sand, loose rock, rock or moguls right from the steering wheel. The system then adapts to better suit your selected conditions.

All of this adds up to this Prado being the most technologically advanced Prado ever.

- 1 CRAWL Control is a driver assist technology and should not be used as a substitute for safe driving practices. The area into which the vehicle is to be driven must be visually monitored by the driver.
- 2 Standard from October 2011 Production.
- 3 The Multi-Terrain Monitor does not provide a comprehensive view of the area surrounding the vehicle, it is designed as a driver assist device only and should not be used as a substitute for skilled driving and safe parking practices.

Toyota Genuine Accessories. You can prepare for anything.

This Prado is the most technologically advanced Prado we have ever built, which means it is capable of going places you never before thought were possible. Whether you need something to make your Prado even better suited for the off road, or you want something to add that extra touch of luxury and make your Prado more comfortable on road, we have a Toyota Genuine Accessory to suit every need.

Prado 3 door ZR shown in Ebony accessorised with Alloy Nudge Bar; Headlamp Covers, Bonnet Protector, Front Weathershields, Aero Roof Racks (Roof Rail Type) & Deluxe Ski & Snowboard Carrier.

All Weather Rubber Floor Mats
(Front & rear sets sold separately)

Towbar, Towball and Trailer Wiring Harness³
(Sold separately)

Tyre Pressure Monitoring System

TOYOTA GENUINE ACCESSORIES ARE COVERED BY OUR TOYOTA WARRANTY*

Some Toyota Genuine Accessories are not applicable to all models/grades. Please also consider the mass of your load to ensure you will not exceed the maximum allowable individual axle capacity, Gross Vehicle Mass and/or Gross Combined Mass of the vehicle. Refer to the Accessories brochure (available from your Toyota salesperson) or visit toyota.com.au for details on warranty and toyota.com.au/vehiclepayload for details on vehicle payload, to help determine which Accessories are suitable for your vehicle. Pictured Accessories are sold separately. Accessory colours shown may vary from actual colour due to the printing process.

* All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year. Conditions apply. The Toyota Genuine Accessories Warranty does not limit and may not necessarily exceed your rights under the *Competition and Consumer Act 2010*.

- 1 For vehicles fitted with front cameras, fitment of Nudge Bar or Bull Bar will reduce the field of vision.
- 2 Roof Racks sold separately.
- 3 Towing capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations. Ask your Dealer for details of Toyota Genuine Towbar capacity and availability.

The inside story.

ZR model shown.

The Prado doesn't just show its grace on the outside. Smart Entry and Start is a feature across the range. Built-in antennae and touch sensors allow the vehicle to be locked or unlocked simply by carrying the key. This same principle is used for Smart Start, meaning you simply push the brake and the start button to start.

The Prado has everyone sitting comfortably in first class seating. From the moment your hands grip the beautifully finished premium steering wheel, the Prado's design sensibility really comes alive. On ZR, flick the multi-information switch and you're able to perform no less than sixteen user-friendly operations without even taking your hands from the wheel. And if you like the sound of that, just wait until you hear the quality of the Prado's audio system; six speakers in the SX and twelve in the ZR and both with USB input¹ and Bluetooth™ capabilities.² Truly, the Prado has been designed to be the perfect

mix of decadent luxury without compromising the authentic 4WD credibility you've always expected.

Parking's a walk in the park too.

The Prado also helps ensure you can take any parking spot with confidence. Depending on the model there is the availability of both audible and visual warning to let you know when you're getting too close to an obstacle. This warning comes firstly from the Park Assist³ – reverse parking sensors on the SX, which provide feedback from the rear of the vehicle, while the addition of clearance parking sensors on the front cover you further in the ZR. The visual warning comes from the Reversing Camera,³ which helps you see where you're reversing into. Watch on the 4.2" TFT Multi-Information Display in the SX or step up to the ZR and watch via the Electro Multi-Vision (EMV) touch screen and let the Back Guide Monitor³ guide you effortlessly into the spot.

Capped price servicing.⁵

Prado comes with Toyota Service Advantage. That means you'll pay the same low capped price from one eligible logbook service to the next for the first 3 years or 60,000km (whichever occurs first). So you'll enjoy the peace of mind of knowing in advance what your maximum servicing costs will be. Better still, your Toyota will be serviced by Toyota-trained Technicians who know your vehicle inside out and use Toyota Genuine Parts. For the full benefits of Toyota Service Advantage consult a Toyota dealer or visit toyota.com.au/advantage

1 Not all devices will be compatible and functionality will vary depending on the device.

2 The Bluetooth™ word mark is owned by The Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.

3 Reversing Camera, Park Assist and Back Guide Monitor are designed as driver assist devices only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be driven must be visually monitored by the driver.

4 Indicates paint which is available at extra cost.

5 Maximum payable for standard scheduled logbook servicing (normal operating conditions) until first of 3 years or 60,000kms (whichever occurs first), up to the first 6 services. Excludes Government & Rental vehicles. Contact your Toyota Dealer or go to toyota.com.au/advantage for other exclusions, eligibility and full details.

Note: Toyota Australia reserves the right to vary and discontinue from time to time the interior and exterior colours, trims and colour/trim/model combinations currently available. Colours and trims displayed here are a guide only and may vary from actual colours due to printing/display process. See your Toyota dealer to confirm colour/trim/model availability when ordering your vehicle.

- Hydraulic system with offset type park brake lever
- Front: Ventilated disc with four piston fixed calipers
- Rear: Ventilated disc with single piston floating calipers

Suspension

- Front: Double Wishbone independent suspension with coil springs, gas hydraulic dampers and stabiliser bar
- Rear: Live axle 4 link with coil springs, gas hydraulic dampers and stabiliser bar

SX Features

Exterior

- 17 x 7.5" alloy wheels
- 265/65 R17 112S tyres
- Fog lamps
- Roof rails
- Rear spoiler
- Body coloured front and rear bumpers
- Body coloured door handles
- Body coloured side mirrors
- Chrome grille surround and inserts
- Mirror integrated LED indicators
- LED rear brake lamps
- Front and rear spats
- Side steps
- Back door mounted full size spare wheel with cover
- Variable intermittent front windscreen wipers
- Hidden intermittent rear wiper
- Underbody protection plates

Security

- Privacy glass⁶
- Alarm system
- Engine immobiliser
- Tonneau cover/roller blind
- Remote fuel lid release

Interior

- Telescopic steering adjustment
- Backlit combination meter
- Tachometer
- Twin trip meter with electronic odometer
- Driver's footrest
- Grab handle
- Automatic transmission indicator on dashboard
- Low fuel warning light

Lighting

- Door operated dome lamps with delay
- Front map lamps
- Glove box lamp
- Luggage compartment lamp

Trim

- Premium shift knob
- Premium steering wheel
- Premium hand brake
- Fabric seat trim
- Fabric door trim inserts
- Floor carpet
- Fully trimmed luggage compartment
- Luggage area carpet

Seating

- 40:20:40 split fold second row seat back
- Double fold second row seats
- Driver's side power lumbar support adjustment
- Adjustable headrests
- Driver's seat height adjustment

Storage

- Ventilated centre console box
- Door and tailgate storage pockets
- Front seat back map pockets
- Beverage holders
- Sunglasses holder

4WD Capability

- Downhill Assist Control (DAC)
- Hill-start Assist Control (HAC)
- Variable flow control power steering
- 4WD control switch
- Centre differential lock switch

Luxury

- Smart Entry & Start
- Cruise control
- 4.2" Multi-Information Display (MID) monitor
- Dual-zone front climate control air conditioning with pollen filter
- Push button ventilation controls with LCD display
- Outside temperature display
- Security coded audio
- AM/FM radio with MP3 compatible single-disc in-dash CD player
- 3.5mm AUX input for portable audio players, USB input for some iPod®⁷/USB memory sticks⁸
- Bluetooth™⁹ capabilities
- 6 speakers
- Steering wheel mounted audio and phone controls
- FM diversity antenna
- 2 x 12V DC power sockets
- 220V AC power socket
- Front auto up/down power windows
- Power operated side mirrors
- Driver and front passenger illuminated vanity mirrors with covers
- Back door hold function

Safety

- Vehicle Stability Control (VSC)
- Active Traction Control (A-TRC)
- Active Braking with intelligence incorporating Anti-skid Braking System (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA)
- Reversing Camera¹⁰
- Rear parking sensors¹⁰
- Dual stage driver's SRS airbag
- Front passenger SRS airbag
- Driver's knee SRS airbag
- Driver and front passenger side SRS airbags
- Full-length curtain shield SRS airbags
- Active headrests
- Manual headlamp levelling
- Rear window demister with auto off
- Conversation mirror
- Front seatbelt warning lamp
- Front seatbelts with pre-tensioners and force limiters
- Child restraint anchorage points
- Door and tailgate ajar warning lamp

ZR Model Features¹¹

Exterior

- Wide view front and left side monitor (3 cameras including Reversing Camera)¹⁰
- 18 x 7.5" alloy wheels
- 265/60 R18 110H tyres

Interior

- Sunvisor with mirror and extension
- Electric tilt and telescopic steering column
- Illuminated entry system
- Illuminated step and step cover
- Optitron combination meter
- Chrome interior door handles

4WD Capability

- CRAWL control^{6,12}
- Multi-Terrain Monitor (MTM)^{6,13}
(4 cameras including Reversing Camera)^{6,10,13}
- Multi-Terrain Select system (MTS)⁶
- Rear differential lock switch⁶

Trim

- Leather accented interior
- High gloss and metal-look instrument panel

Luxury

- Moonroof
- Cooler box
- 12 speakers
- 6 disc in-dash CD changer with MP3 compatibility and AM/FM tuner
- Electro Multi-Vision (EMV) touch screen incorporating DVD based satellite navigation¹⁴
- Exterior electric fold mirrors
- Multi-information switch
- Additional controls for camera and Multi-Information Display (MID) on steering wheel
- Heated front seats
- Dusk-sensing headlamps
- Headlamp cleaner
- Rain-sensing intermittent wipers

Safety

- Radar Cruise control^{6,15}
- Pre-Collision Safety System^{6,15}
- Back Guide Monitor¹⁰ (BGM)
- Front and rear parking sensors¹⁰
- Escort/auto cut lights
- Electro-chromatic mirror
