TOYOTA

Oh what a feeling!

Take your adventures to a new level.

We've taken the advanced capabilities of Prado GXL then equipped it with some additional luxuries to take your adventures to new heights.

Special Edition Prado Altitude gives you the elegance of leather accented interior, so you can travel in ultimate comfort and style. You're entertained by an audio system with an in-dash CD player and digital radio¹ and 14-speaker surround sound. Meanwhile, your passengers will enjoy the Rear Seat Entertainment system (RSE) with a large 9" monitor and the convenience of a remote control. Fortunately three wireless headsets are included, so while movies are playing in the back you won't be distracted from what's ahead.

You're guided to your destination by a Satellite Navigation² system which displays maps on the 7" Electro Multi Vision (EMV) screen. En route, the power-operated Moonroof brings the freshness of the great outdoors in. Up front, rain-sensing wipers take care of the elements and power front seat adjustment gives you and your front passenger multiple seat positioning options.

Even parking manoeuvres are a breeze thanks to a Park Assist³ sonar system with four parking sensors on the rear. Then as you select reverse, the Reversing Camera³ automatically switches on, providing a clear image of the area you are moving into.

Privacy glass on the rear windows gives Prado Altitude a smarter look, while making it harder for intruders to look in. Then for the finishing touch, there's 'Altitude' badging on the rear tailgate. And a clever new tailgate design means the Prado's spare tyre is completely concealed beneath the floor.

Need more motivation? The Special Edition comes with an impressive 3.0 litre Turbo-diesel engine backed by a 5-speed automatic transmission. As you journey to far away places, Prado Altitude's added technologies and luxuries, together with its serious off-road capabilities, ensure you'll be ready for anything along the way.

Special Edition features.
