# The Caddy

# Caddy puts the fun back into life.

Life is always busy. But with a Caddy it can be fun. With efficient engines, intelligent use of space, superb performance and brilliant handling, Caddy is a smart choice and genuinely enjoyable to drive. The Caddy range has been designed to match your busy urban lifestyle. Monday to Friday, you've got a myriad of work commitments and need a vehicle that is agile, comfortable, versatile and efficient. It has to be easy to get around the city and easy to park too. After-hours, there

are kids to collect from band practice and sport – “Hey Mum, can we give my mates a lift home too?” Enroute, you'll need to duck in to pick up a week's worth of groceries that fit alongside the sports bags and guitar cases in the boot. Caddy takes all this in its stride and makes your working week a joy.

Typically though, life on the weekends gets even busier. And so too does the Caddy. Saturday morning sport across

town? Simple. Trips to the beach for the whole family? Easy. Golf on Sunday afternoon? Flip a seat up and slip the clubs in – no problem. Then back home past the petrol station (no need to stop because the needle on the fuel gauge has hardly moved all week), up the tight laneway and back into the garage. Slide the big doors of the Caddy open. Life spills out. “What's for dinner, Mum?” If only your Caddy could cook too.

## More than just a pretty face.

The latest Caddy has a stylish face that matches the Volkswagen DNA thanks to sleek headlights and a redesigned bumper and grille, which are paired with an elegant bonnet and front guards. Overall, the Caddy range has a more refined, more sophisticated front end. But it's not just a pretty face. Caddy sports instrumentation, audio/navigation system and a range of engine and transmission options that achieve impressive fuel consumption and environmental figures.

As you would expect, the build quality and attention to detail is typically Volkswagen. And when you add the impressive list of safety and security features in the Caddy, it's a choice that makes tremendous sense. Safety features include driver and front passenger airbags with side head and thorax airbags for added protection. Caddy also features ESP (Electronic Stability Programme) and TCS (Traction Control System) as standard, which will keep you safe when the road conditions aren't. You'll also benefit from ABS (Anti-lock Braking System), EBA (Electronic Brake Assist) and EBD (Electronic Brake Distribution) – absolute essentials for protecting life on the road.

All Caddy models now come standard with Bluetooth™ and cruise control for added convenience. And for added peace of mind, Caddy comes with unlimited kilometre warranty 3 year and Capped Price Servicing.

Optional leather multifunction steering wheel and "Lights and Vision" package shown.

## You can fit more life into Caddy Trendline.

This is really the most versatile compact people mover in the world. Before your very eyes, the five seat Caddy Trendline (with seven seats an option) can transform into a variety of vehicles depending on what's required.

The three seats in the back are extremely comfortable and aren't just designed for kids. Even the tallest of adults will feel right at home thanks to generous head and leg room. These rear seats are foldable and can even be removed entirely (a straightforward operation thanks to the dual sliding door setup that provides easy access to the cabin). With all seats out, there's an amazing 3.0m<sup>3</sup> back there for larger luggage and all the bulky items that add fun to your life – surfboards, bicycles, golf clubs, you name it. Even with all the seats in place, there's plenty of room for luggage, and the multitude of handy storage compartments within the cabin can fit all sorts of odds and ends.

Caddy Trendline excels when it comes to people moving. Thanks to brilliant German design, meticulous construction and the long list of safety inclusions, Caddy Trendline ensures the people you're moving around are looked after in every respect.

## Caddy Maxi Comfortline. The more the merrier.

Life has a habit of growing. It could be a growing family, it could be a growing social life or quite possibly a mixture of both. Hey, there's nothing like having a little more fun, is there?

Thankfully, Caddy Maxi Comfortline is there to cater for more life. Caddy Maxi Comfortline is almost half a metre longer than Caddy Trendline, adding even more

room to comfortably include a third row of seats and turning Caddy Maxi Comfortline into the smartest seven seat people mover around.

Thanks to ingenious German design, the rear seating configuration can be altered to match whatever life throws at it. Need to get a troupe of six kids to the party? Not a problem. You can even take a

troupe of six happy adults to the party if you want.

With generous head and leg room, passenger size is not an issue. Then there's the option of taking out the back row of seats and suddenly you've got space for kid's bikes, some director's chairs, a foldup table, eskies, hampers and a portable barbecue so you can take

Seven seats.

Five seats. 3rd row removed.

Two seats. 2nd and 3rd rows removed.

the party with you! And if you decide to take out all the rear seats, you've probably got enough room to have the **whole** party in the back.

Caddy Maxi Comfortline is not short on features. Rear parking sensors, automatic headlights and wipers, and climate controlled air conditioning keep you safe and comfortable. The upgraded audio

system with Bluetooth™ streaming and steering wheel controls mean you're in total control. Alloy wheels and body coloured bumpers, front fog lights with a handy cornering function and roof rails complete the package.

Caddy's generous width lets you fit three child seats side by side.

Overseas model shown.

## 4MOTION

### Life, recreated.

Caddy Maxi Comfortline doesn't just put more fun into life, it allows you to get more out of life too. There's plenty of space to take everything you need for a long road trip to a weekend escape. And if you're planning on something a little more adventurous on the road less travelled, there's always the option of 4MOTION – Volkswagen's clever all-wheel drive system that provides your Caddy with extra grip in standard off-road situations.

The tractive force of the Caddy 4MOTION is distributed by Volkswagen's ingeniously designed, electronically regulated 4th generation Haldex coupling system. As soon as the system detects any wheel spin from either axle, two annular piston pumps are activated which build up pressure in the multi-plate Haldex system – effectively "coupling" the two axles to each other. The coupling provides an infinitely variable torque transfer between the front and rear axles, depending on the degree of slip in the rear or the front. Of course, you won't be aware of the lightning quick adjustments being made by the system beneath you. All you will feel is sure-footed handling.

When you arrive at your destination, it's easy to unload the mountain bikes, golf clubs, surfboards, snowboards, fishing gear, or whatever it is that you love doing, and jump into your favourite recreation. Although the hard part comes when you have to force yourself to stop driving and start recreating! Caddy Maxi Comfortline is almost too much fun to drive.

## Features

Caddy is equipped for practicality, comfort and worry-free driving. Standard features include electric windows and door mirrors and central locking with radio-remote control. Say goodbye to hill starts with Hill Hold and enjoy the ease of speed-related variable steering assist and Cruise control as standard on all models. A variety of optional assistance systems add a finishing touch to the comfort and convenience of your Caddy.

**Caddy Bluetooth™** enables telephone hands-free operation with all Caddy audio units. For units with RCD310 or RNS315 the ability to wireless stream audio tracks from Bluetooth™ equipped phones and media players is also included.

**CT CMC**

**Lumbar support:** a comfortable ride. In order to ensure no matter how long your journey you arrive feeling relaxed, lumbar support for both front seats is available as an option on all Caddy models.

**CT CMC**

**Overhead storage area.** It's easy to keep your Caddy well organised thanks to the cavernous overhead storage compartment.

**CT CMC**

**"Lights & Vision."** This assistance feature includes automatic headlight activation, separate daytime running lights, "Leaving home/Coming home" function where headlights activate as you lock or unlock the vehicle and a windshield wiper with rain sensor.

**CT CMC**

**"Park Assistant"** is available for Caddy Maxi Comfortline as an option. Various parking manoeuvres are possible to make Caddy even easier to get around in. This option is not available with 4MOTION technology.

**CMC**

**17" Budapest alloy wheel.** This stylish alloy wheel can be added to Caddy to upgrade the 16" Siracusa alloy wheel which comes with Caddy Maxi Comfortline.

**CMC**

**RNS315 Satellite navigation multimedia system.** Volkswagen's own state-of-the-art innovation. This system features 5" touch screen, SD card reader, Aux-in socket with AM/FM stereo and single CD player.

**CT CMC**

standard  **CT** Caddy Trendline  
 optional extra  **CMC** Caddy Maxi Comfortline

## Safety

The Caddy has a comprehensive package of intelligent safety systems so that you have reassuring all-round protection. With safety equipment such as multiple airbags, ABS, with EDL, ASR, EBD and ESP with Brake Assist we have created an environment that is not just comfortable – it's also protective.

# EBD

**Electronic Brakeforce Distribution (EBD)** prevents lock-up of the rear wheels when the vehicle weight is transferred to the front wheels under heavy braking.

CT CMC

The seat belt warning reminds the driver that seat belts are not fastened.

CT CMC

The **Electronic Stabilisation Programme (ESP)**, including hill holder, prevents the vehicle from swerving in critical driving conditions.

CT CMC

The **Anti-lock Braking System (ABS)** prevents wheels from locking up and improves manoeuvrability.

CT CMC

The **Brake Assist system** recognises the speed at which the brake pedal is pushed. Under reflex or emergency braking, the system senses the urgent need and applies full brake pressure more rapidly.

CT CMC

**Airbags.** All Caddy models have driver and passenger front airbags, plus front side head/thorax airbags as standard.

CT CMC

The Bluetooth™ word mark is owned by The Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.

## Accessories

A Caddy leaves hardly anything to be desired. However, if you would like a few extras, Volkswagen Genuine Accessories offer you many interesting items of equipment. Not only will they add considerable value to your Caddy it will make your life more enjoyable.

**Textile Floor mat.** The textile floor mats are perfectly shaped to fit the footwells and are made from hard-wearing, thick woven velour. The front mats sport recessed Caddy lettering in anthracite. The mats are fixed to prevent slipping using the points provided in the floor area.

Overseas model shown.

**Rear moulded boot mat.** This rubber mat is shaped to the back of your Caddy for an ideal fit. It is easily removed for cleaning and the non-slip surface prevents items slipping around.

**Mud flaps, front and rear.** Protect the underbody, bumper and rear against flying dirt and minimise dangerous stone chipping and water spray. 1 set = 2 pieces.

Overseas model shown.

**Rubber floor mats.** These rugged mats with Caddy motif are available for both the passenger and driver side and do an excellent job of protecting the floor from wear and tear.

**Parking distance control, rear.** Four sensors and an acoustic warning signal ensure safe reverse parking. The park distance control is activated automatically when reverse gear is selected.

**Bicycle Holder.** Consists of an aerodynamically shaped plastic profile with chrome-plated steel frame. Easy to use, with locking system for peace of mind.

## Paint colours

The bodywork is first galvanised to give your Volkswagen vehicle optimum protection against mechanical and chemical influences. Only then is the paint applied in several layers and left to harden. The result is a scratch-resistant, hard finish for the top coat – so that you always leave a brilliant impression with your friends.

standard    **CT** Caddy Trendline  
 optional extra    **CMC** Caddy Maxi Comfortline

## Trim

High-quality, robust materials and skilled workmanship are essential in the manufacture of hard-wearing seat upholstery. The colours and patterns for the upholstery are painstakingly matched to the interior trim and paint finishes.

\* Metallic and pearl effect paint are available at extra cost. The illustrations on these pages can only be regarded as a general guide as the printing process cannot render the colours with absolute accuracy. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available. <sup>+</sup> The seat pattern on the left shows the centre panel, and the seat pattern on the right shows the outer panel.

## Owning a Volkswagen

### Volkswagen New Vehicle Warranty

Volkswagen Caddy Trendline and Caddy Maxi Comfortline are covered by an unlimited kilometre 3 year manufacturer's warranty, which includes Volkswagen Assist (24 hour roadside assistance). Caddy is also covered by a 3 year paintwork and 12 year anti-corrosion perforation warranty.

### Volkswagen Assist 24 hour roadside assistance

As a valued customer, you can be assured that, wherever you travel within Australia, you will have access to roadside assistance, 24 hours a day, 365 days a year. This is complimentary for the duration of the vehicle's original Volkswagen warranty period. You will receive help in the event of a breakdown or accident and, if required, your vehicle will be mobilised or transported to an Authorised Volkswagen Repair Centre.

### Volkswagen Extended Warranty

Why not continue the confidence of a Volkswagen Warranty by purchasing a Volkswagen Extended Warranty? For further details on this option, please contact your local Volkswagen Dealer.

### Volkswagen Service

Your Authorised Volkswagen Service Centre is part of Volkswagen's global Quality Management System, ensuring

all dealers are certified to ISO 9001:2000 – an internationally recognised Quality Standard. Authorised Volkswagen Service Centres have factory trained technicians equipped with the very latest diagnostic equipment, specialist tooling and Volkswagen Genuine Parts. An Authorised Volkswagen Service Centre undertakes work in accordance with factory specified guidelines and maintenance schedules.

The new Volkswagen Service app is available to download from the Apple App Store and Google Play™ store app. Featuring parking place reminder and timer, Volkswagen roadside assistance, Volkswagen dealer search and the latest tips for services, Genuine Parts and Accessories. Keeps your Volkswagen running like a Volkswagen.

### Volkswagen Genuine Parts®

Volkswagen Genuine Parts® are designed for your vehicle and approved by Volkswagen, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, Volkswagen recommends the use of Volkswagen Genuine Parts®. Volkswagen Authorised Dealers offer a 2 year warranty on Genuine Parts from the date of purchase.

### Capped Price Servicing

Volkswagen Commercial Vehicles have introduced Capped Price Servicing across the entire Commercial Vehicle Range. This new program supports our commitment to customer satisfaction and provides total transparency for complete peace of mind.

All vehicles registered after 1 January 2013 will be covered for a total of 90,000km (or 180,000km for Crafter models) or six years (whichever comes first). Our scheduled service includes the regular replacement of oil filters, engine oil and sump plug washer at each service interval, as well as the standard replacement of the air filter (at 45,000 and 90,000km) and spark plugs (every 60,000km).

To reference how much each service will cost for your specific Volkswagen Commercial Vehicle, you can contact your participating Volkswagen dealer or go to [www.volkswagen-commercial.com.au](http://www.volkswagen-commercial.com.au)

Scan here to download the Volkswagen Service App on your smartphone.

## Environment

On a local level, we have undertaken a number of initiatives to reduce the environmental impact of our business processes, including careful recycling of office waste, for example. Energy usage is being reduced through lights controlled by motion sensors in toilets, kitchens and meeting rooms.

But there's no question that the area in which we can contribute most to environmental sustainability is with our

vehicles. Our TDI diesel engines consume less fuel and emit less exhaust fumes offering high torque and performance, while our diesel particulate filters extract soot from the exhaust fumes. Numerous engines already fulfill the very stringent Euro 5 norm.

Our dual-clutch DSG gearbox provides the comfort of conventional automatic transmission and the dynamic drive of a manual transmission. It has significantly

lower fuel consumption in comparison with a conventional automatic transmission with torque conversion. The newest member of our DSG family is the 7 gear DSG transmission for front transverse mounting, and is the first dual-clutch gearbox with a 'dry' double clutch, achieving exciting new fuel consumption efficiencies.

## General information

Volkswagen is distributed by Volkswagen Group Australia Pty Ltd. 24 Muir Road, Chullora, NSW 2190. ABN 14 093 117 876. Specifications are as planned at August 2014 for model year 2015 and are subject to change without notice or obligation. Cars and accessories are shown for illustrative purposes only and may not depict Australian specifications. Fuel consumption figures according to Australian Design Rules (ADR) 81/02. All Volkswagen approved parts and accessories are warranted for 2 years/unlimited kilometres. All warranties implied by legislation or otherwise are excluded to the maximum extent permitted by law. The liability of Volkswagen shall, subject to the law, be limited at Volkswagen's discretion: 1. In the case of the goods, the repair or the cost of repair, or the replacement or the cost of replacement; and 2. In the case of services, the re-supply of the services or the cost of re-supply of the services. All information in this brochure is correct at time of publication, however variations may occur from time to time and Volkswagen, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this brochure. The colours shown in the brochure are indicative only and may vary from actual items owing to the printing process. Authorised Volkswagen dealers will provide up-to-date information on model application, design feature, prices and availability on request. Volkswagen Insurance & Volkswagen Extended Warranty are provided by Allianz Australia Insurance Limited (Allianz), AFS Licence No. 234708, ABN 15 000 122 580. In arranging this insurance, Volkswagen Financial Services Australia Limited, ABN 20 097 071 460 & Volkswagen Group Australia Pty Ltd, ABN 14 093 117 896 and the authorised dealers act as agents of Allianz and not as your agent. Volkswagen Finance is a trading name of Volkswagen Financial Services Australia Limited. Locked Bag 6252, Regents Park, NSW 2143. Tel: 02 9695 6311.
