

XC90

WE ARE VOLVO. WE PUT PEOPLE FIRST.

HELLO

We are Swedish. Scandinavian designers always start with the person who's going to use an object and ask, "What can we do to make this person's life better, easier or more comfortable?" We've always used this philosophy when we design our cars. So, while other car manufacturers might start with technology and try to squeeze people in around it, we begin by designing our cars around you. We ask what you need and then use our technical skills to make your life easier, better, safer and more beautiful. Form follows function, and when you design a car inside and out with people in mind, it looks naturally beautiful. We think that looking at and interacting with our cars should make you feel great, every day.

Designing cars around people has led to many innovations over our 86-year history. The three-point safety belt in your current car? That was our invention from 1959. We've solved a few environmental issues too. In in 1976 we developed the Lambda Sond, a sensor that monitors exhaust gas, reducing emissions and boosting performance as well as economy. It's still part of every petrol-engined car in the world.

Innovation is at the core of Volvo. Perhaps it's because of where we come from.

IN SWEDEN, GREAT DESIGN IS A WAY OF LIFE, NOT A LUXURY.

HELLO 3

◆ For such a small country, we've produced more than our share of creative talent. That's because we know that to be truly creative, you've got to believe in yourself and do things the way you know they should be done, regardless of what others are doing.

Take our seats. In the early 1960s, we consulted with a team of orthopaedic surgeons at Chalmers University of Technology here in Gothenburg. They wondered why a group of car designers wanted to see them. Nobody had thought to ask an orthopaedic surgeon's advice when designing a car seat before. But the ergonomic seat designs we developed as a result have made our cars world-famous for their outstanding long-distance comfort.

Like all Scandinavian craftsmen, we use only the best materials for the job, like the ultra-strong boron steel in our safety cages. We use natural, authentic materials inside our cars – not because they're fashionable this season, but because they make you feel good when you touch them and they're better for your health.

Creating a beautiful experience for you is natural for us. Because in Sweden, great design is a way of life, not a luxury.

SPACE, AND THE LUXURY TO ENJOY IT.

THAT'S FREEDOM.

YOUR NEW CAR VOLVO XC90 | 4

Your lifestyle says you need a car that can take on board up to seven family and friends. But your heart says that you are just not willing to sacrifice imposing looks, advanced safety features and the capability to go anywhere, in any weather.

Well, you don't have to – our Volvo XC90 is the perfect answer to such a dilemma. Designed to accommodate you and all the people that matter to you, the XC90 wraps a capable and accomplished chassis in a body that exudes sophisticated style. And our large SUV delivers a truly luxurious experience, with high-quality materials meticulous craftsmanship and outstanding safety as standard. Coupled with a high driving position and a commanding view of the road ahead, you'll feel totally and comfortably in charge of your journey. And all without losing the spontaneity of driving wherever your mood takes you.

The best way to enjoy our XC90 R-Design's stiffer Sport chassis and direct steering is to take a test drive.

FIND YOUR NEAREST DEALER AT VOLVOCARS.COM.AU

WE SWEDES LIKE TO THINK WE'RE TOO NICE TO JUDGE THINGS ON THEIR LOOKS.

WE'RE NOT.

OUR DESIGN VISION

VOLVO XC90 | 7

You'll notice from the first glance that our XC90 is designed to project a muscular, substantial presence on the road. Powerfully sculpted shoulders flow dramatically from the bonnet and sweep back to the tailgate, lending a real sense of purpose and capability to our XC90.

It's a look that's as much at home on the driveway of a smart hotel as it is on your favourite country road. And the XC90 isn't just about a visually strong character. In true Scandinavian tradition there is craftsmanship in every detail, especially when you step inside. Here, you'll find assured taste and comfort clad in the finest materials including leather and wood. So, no matter what goes on outside, in the XC90 you'll always be surrounded by beauty.

Exquisite fit, finish and high-quality materials – that's the formula that we use to make sure that your time in our XC90 is always rewarding. And, of course, entertaining.

STORMY WEATHER CAN RUIN PLANS.

FOR OTHER PEOPLE.

A CAR FOR ALL SEASONS VOLVO XC90 | 9

In Sweden we say there's no such thing as bad weather, just the wrong clothes. We think that applies to cars, too. We've always designed our cars to incorporate the latest driving technology so you can go anywhere regardless of what's under your tyres or what the weather is throwing your way.

It's the reassurance of knowing that with its high ground clearance, your XC90 will get you there and

get you back. Even better, the All Wheel Drive will help you safely negotiate rough terrain and adverse weather conditions with confidence.

Underpinning it all is a tough chassis that is also tuned to deliver a refined and rewarding drive. And ultimately, you'll be enjoying a car that will happily live in town or country.

OH YES. DID WE MENTION SAFETY?

When it comes to safety, we want to make sure everyone is cared for, whether they're big or small. That's why the centre seat in the second row features an integrated booster cushion – perfect for children who've outgrown their child seat, but aren't yet tall enough to sit like a grown-up.

It probably won't come as a surprise to you that safety underpins absolutely everything we do at Volvo. As a major part of this philosophy, your XC90 has a whole suite of intuitive safety technologies inside it. They're there to support your daily driving, protecting you in the event of an accident and often preventing them in the first place. We call this approach IntelliSafe.

One such example of IntelliSafe is our Dynamic Stability and Traction Control system which senses an imminent skid and takes corrective action to keep you safe. And our Roll Stability Control uses similar technology to minimise the risk of a rollover if sensors detect there's a problem.

Also helping to keep you safe are our tough laminated side windows, which foil would-be smash-and-grab thieves and protect passengers from splinters in the event of a collision. And with our water repellent glass, you'll also enjoy better visibility in bad weather.

Another classic Volvo touch is our Blind Spot Information System (BLIS) which warns you if you haven't noticed another vehicle entering your blind spot as you prepare to change lanes.

WE THINK SUSTAINABLE DRIVING IS EXCITING. SO WILL YOU.

DRIVE-E

Drive-E is at the heart of every Volvo we make. It's our all-encompassing approach to sustainable driving, our innovative thinking behind a whole range of technologies that will give you more efficiency, and lower running costs, without compromising on a pleasurable drive.

Our Drive-E technological advances include reducing the friction within our engines as well as their weight, while optimising gear ratios for optimum efficiency. Integral to this is the choice of powerful, efficient engines available for the XC90, from our

3.2-litre six-cylinder petrol option to our five-cylinder turbodiesel. Thanks to common rail injection technology, they boast improved efficiency and they come with maintenance-free particle filters, too.

We also strive to improve recyclability and make our manufacturing processes more sustainable. In fact, all of the electricity for our factory in Sweden comes from clean, hydroelectric power. It's just another way in which we place environmentally-aware mobility at the core of intelligent, thoughtful luxury.

SCANDINAVIAN INTERIOR DESIGN. ON FOUR WHEELS.

INSIDE YOUR CAR VOLVO XC90 | 15

We want to make sure that you enjoy life with your Volvo and a big part of that means never leaving people who matter behind. Thanks to the XC90's seven seats, you can take all your friends and family with you. Not only that, each passenger will travel in supreme comfort. But the XC90 is versatile, too. Thanks to fold-flat rear seats and a second row that can be folded 40/20/40, you

can accommodate many combinations of people and cargo. Another really practical touch is the split tailgate. This allows you to open the upper part while the lower section stays firmly in place. That way the lower tailgate prevents any items already in the load compartment from falling out while the upper section opens up for easy access.

Rear seat passengers can enjoy individual videos with our Rear Seat Entertainment system with two bright 8-inch LCD screens and DVD players. And with Premium Sound Multimedia sound system, those in the front can enjoy their own separate concert experience.

ARE YOU LOOKING AT ME?

GOOD.

R-DESIGN

VOLVO XC90 | 16

Would you like to enhance the dynamic personality of your XC90 even further? Well then, R-Design is for you, with a range of features to give your Volvo a sporty, unique profile.

As with all the best Scandinavian design, form follows function and the XC90 R-Design benefits from a stiffer sport chassis and progressive power steering – meaning you'll enjoy the thrill of driving your XC90 even more. Plus, the D5 R-Design is optimised with unique engine management software from Polestar, Volvo's racing and performance partner, delivering significant power and torque upgrades.

For an exterior with a more individual, dynamic look, R-Design includes truly eye-catching, sporty five-spoke alloy wheels and unique door mirror covers with silk metal finish. At the back, you get a motorsport style diffuser that gives your XC90 an exciting, sporty look. And R-Design's chromed dual exhaust pipes add the perfect finishing touch to your XC90's exterior.

The R-Design story continues in the interior, starting with supportive leather seats with contrast stitching and embossed R-Design logos. Choose Offblack/Offblack or Offblack/ Ceramic Light. Also included is an exclusive R-Design steering wheel as well as sport pedals. A sporty gearshift knob and gaiter, contemporary aluminium inlay with radiant, tactile design, our unique blue R-Design instrument cluster and black, ribbed and richly tufted sports floor mats all add to the R-Design experience.

THE BEST REVENGE ON THE PASSING OF TIME IS TO SPEND IT IN LUXURY. EXECUTIVE

VOLVO XC90 | 18

The Executive trim level is the highest level of all-inclusive luxury for XC90, blending craftsmanship with technology for a richly rewarding experience. We use only the very best materials guaranteeing not only a great tactile experience, but also giving you an assurance of quality. So why not spend your time behind the wheel in pampered comfort?

By choosing Executive, you treat yourself to soft, semi-aniline leather full upholstery on your XC90's seats. This durable and beautifully finished leather feels great to the touch and offers more grip. Another feature for the front seats is refreshing ventilation – which cools or warms the seats – and a soothing massage function. And the front seats and outer second-row seats are heated.

For a particularly luxurious cabin ambience, Executive gains full leather covering for the front and rear armrests as well as the door panels – an additional splash of style comes with the Classic Wood walnut deco inlay, which also dresses the gear lever. An Executive XC90 also benefits from a premium sound system and chrome-tipped exhausts.

WHICH XC90 ARE YOU?

EXPRESS YOURSELF

VOLVO XC90 | 20

Congratulations, you've chosen a Volvo XC90 and picked your preferred engine. Now all you need to do is select the model that's right for you. We've made it easy for you by providing two that we think you will love. Whether you'd like premium luxury or a sporty look both inside and out, we have the right one for you.

XC90

Includes:

+ EXECUTIVE

Includes standard equipment level plus the following:

19" Galateia silver bright aluminium wheels | Comfort chassis | Speed sensitive power steering| Active Bending Lights (ABL) with headlight wash) | Volvo Navigation System | Premium Sound Multimedia infotainment system 5x130W, 12 speaker, USB, CD and MP3 functions | Bluetooth* and audio streaming | Rear headphone sockets holder | Automatic height adjusted front seat belts | Power driver seat with memory | Power passenger seat | Heated front seats | Heated seats in second seat row | Soft leather upholstery with ventilation and massage | Door panel inserts and central armrest in soft leather | Door panels with padded front armrest | Leather grab handle in door panel | Tunnel console cover in leather | Luxury floor mats and luggage mat | Walnut wood inlay | Walnut wood gear knob | Memory for rear view mirrors | Compass in inner rear view mirror| Chromed exterior details | Water-repellent front side windows | Load holder | Stainless steel end pipes | Executive emblem

+ R-DESIGN

Includes standard equipment level plus the following:

19" Ixion R-Design aluminium wheel | Sports chassis | Speed sensitive power steering | Active Bending Lights (ABL) with headlight wash) | Volvo Navigation System | Premium Sound Multimedia infotainment system 5x130W, 12 speaker, USB, CD and MP3 functions | Bluetooth* and audio streaming | Rear headphone sockets holder | Automatic height adjusted front seat belts | Power driver seat with memory | Power passenger seat | Leather upholstery with front seats embossed with R-Design logo | R-Design décor | Door insert with contrast stitching | R-Design watch-dials with blue inserts | Memory for rear view mirrors | Compass in inner rear view mirror | Sports steering wheel with R-Design emblem | Leather sports gearshift knob | R-Design floor mats | High gloss black grille with R-Design emblem | Matt anodised aluminium window frames | Water-repellent front side windows | Load holder | R-Design rear skid plate | Side scuff plate in brushed stainless steel | Silk metal mirror caps | Dual exhaust pipes

YOUR XC90 IS YOUR HOME AWAY FROM HOME. GIVE IT YOUR SIGNATURE.

PERSONALISE YOUR INTERIOR

Choose an XC90 and you'll enjoy an elegantly designed cabin as standard, with a sporty three-spoke steering wheel and a superior finish in evidence everywhere you look – from the silk metal finish on our air vents to the fine cloth surfaces on the door pillars. Because the XC90

is designed around the driver with a superior seating position and outstanding visibility, your command is never in question. The driver's seat in this first class cabin rewards you with legendary Volvo comfort and can even spoil you with a stimulating back massage. Of course, the real

stimulation is reserved for driving, but the many thoughtful appointments and premium materials found throughout the cabin also stand a cut above. Real wood inlays, genuine leather upholstery and controls that are easy to operate and pleasing to touch are just a few examples.

Crafted according to your requirements, the interior of your Volvo can take on any number of personalities. Pick the interior that suits you from the premium styling of Executive to the sport themed R-Design. After all, you're probably going to spend a lot of time here.

We upholster our Executive seats with the finest semi-aniline leather by luxury leather specialists Bridge of Weir. Minimal surface treatment means the leather is wonderfully soft and durable.

MATCH YOUR XC90 TO YOUR LIFE.

ACCESSORIES VOLVO XC90 | 32

Some cars are equal to any situation no matter what you throw at them. With its seven seat capacity, commanding looks and any road capability, the Volvo XC90 firmly belongs in this class – and our accessories add even further to your XC90's capabilities. The running boards, side decor kit or unique 20" Thalassa wheels accentuate the already impressive stature of your car. And if you'd like to take even more cargo, accessories such as our load carrier or roof box are just the ticket.

The colour-coordinated side decor runs along the bottom of the doors and wheel arches and gives your Volvo an even more exclusive appearance.

Towbar-mounted bicycle holder for 1–2 bikes. Our compact new bicycle holder is very easy to use, holds two bicycles and can be mounted on your car's towbar in two easy steps. And when the holder is not being used, it's easy to store in your car or at home.

THE VOLVO EXPERIENCE VOLVO XC90 | 35

We love it when you're happy. When things are easier than you expect, or go faster and become better. Because when you buy a Volvo, you buy into the easiest way to own a car. Financing, insurance, servicing, changing tyres, cleaning – those aspects of ownership that you might not find very interesting, are exactly the ones that we love to make easier and better for you. That's why your Volvo dealer will always offer you a whole range of services all designed around you, delivering you the most carefree ownership experience possible.
